## EXHIBIT OF BIRDHOUSES, WORK OF SCHOOL PUPILS

Award of Blue Ribbons at New National Museum, Where Structures Are on View.

Birdhouses built of some of the queerest stuff you ever saw were awarded blue ribbons by the American Forestry Association yesterday at the New National Museum, where the Washington school children now are exhibiting their handiwork. The exhibit, Dr. Paul Bartsch says, will be open all this week.

On the committee of award were Mrs. Florence Miriam Bailey of the Audubon Society, Dr. T. S. Palmer of the Biological Survey, Dr. Bartsch of the National Flower Preservation Society, who has been directing the course of lectures for the children every week; M. J. Breen of the Normal School and Russell T. Edwards for the American Forestry Association.

## W. R. &amp; E. ASKS FARE CUT.

Permission to Reduce Charge on Proposed Bus Line Granted.

Fare on buses of the Washington Railway and Electric Company to be operated on Park road from Georgia avenue to 17th and Mount Pleasant streets will be the same as that charged on the street car lines of the company, according to an order of the Public Utilities Commission handed down today.

The Washington Railway and Electric Company applied to the commission on April 21 for a reduction in the rate of fare directed by the order authorizing the operation of the buses, which was set at 8 cents straight. The order is in the form of an amendment to the section of the previous order prescribing the rate of fare, and makes that section read as follows: "The rate of fare to be charged on these motor buses shall be the same as the current rate of fare in force on the street railway lines of the said Washington Railway and Electric Company."

## 600 MORE BUREAU WORKERS DROPPED

Married Women and Others Given No Advance Notice by Director Hill.

Six hundred employees of the bureau of engraving and printing were dismissed yesterday by order of Director Louis Hill, cutting the personnel down to approximately 5,400. The reduction was effected without going outside of the three classes specified in the order from the Treasury Department—women whose husbands were employed, persons on extended retirement and war-time employees without civil service.

Notice was not given the employees dismissed yesterday, that their connection with the bureau terminated at the conclusion of their day's work. There has been much excitement among the personnel at the bureau, especially among the classes designated in the order, and feeling was strong that more notice should have been given.

## WILL DISCUSS WATERWAY

Representative Chalmers to Speak at City Club Luncheon.

Beneficial results of adequate water transportation will be discussed by Representative W. W. Chalmers of the ninth Ohio district at the noon luncheon of the City Club on Tuesday. He will explain in detail the prospective benefits to be derived from the completion of the great Lakes-St. Lawrence deep waterway, planned to connect the great lakes with the Atlantic ocean.

Representative Chalmers is author of the Chalmers bill, now pending in the Senate and the House, which would authorize the construction of the St. Lawrence waterway.

## CRACK ARTILLERY TEAM ENTERED IN HORSE SHOW

Members of Battery E Confident of Winning Blue Ribbon.

The crack artillery team of Battery E, 3d Field Artillery, U. S. A., has been entered in the National Capital horse show, which opens on May 12. The members of the battery are confident of winning the blue in this class.

Entries for the show close Tuesday. The largest entry for the show is that of Mr. and Mrs. William Ziegler and their son, William Zeigler, Jr., of New York, who have entries in twenty classes.

Gen. Pershing's horses, including the famous Jeff, will be exhibited again in this year. Charles S. Scott will ride and exhibit them. Jeff has a long list of blue ribbons to his credit, and the general's other horses are all noted winners. Gen. James A. Buchanan, one of Washington's leading sportsmen, has engaged a heavy charger of last year's show, which scored a sensational victory in the national horse show at New York city. He will be ridden and exhibited by Lieut. T. H. McCreery. Lieut. McCreery will also ride Col. W. W. Whitesides' champion high jumper, Tarrynot.

Maj. Stanley Koch will show his thoroughbred saddle horse and light charger, Mine Sweeper. Fort Meyer will be well represented with eight or ten jumpers, the Roman race and age field artillery classes.

The racing program will be improved this year and a new feature of polo pony racing will be added. Polo ponies will be ridden by amateurs. Racing Chairman Thomas Jones is perfecting an elaborate program which promises plenty of excitement every day.

Photograph made yesterday at the National Museum when the American Forestry Association awarded blue ribbons to the builders of birdhouses in the Washington schools. The houses will be exhibited at the museum, where Dr. Bartsch of the Wild Flower Preservation Society and the Audubon Society has been directing a series of nature study lectures for the youngsters.

## EIGHT-STORY APARTMENT UNDER CONSTRUCTION

Building Located at 16th and L Streets to Be Known as the Presidential.

Construction of an eight-story apartment house at the southwest corner of 16th and L streets northwest, to be known as the Presidential, has been started. Mrs. Clara R. Dennis is the owner.

The building will have a frontage on 16th street of eighty-five feet and a depth on L street of ninety-five feet.

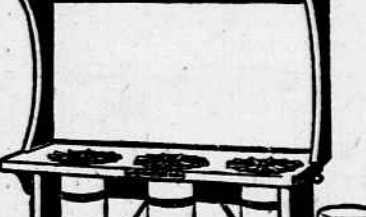

The exterior will be entirely of Indiana limestone, with a two-story colonnade entrance, the architectural treatment being of the Adams period. The exterior will be further embellished with balconies and oriel windows.

The largest apartments will have four bedrooms, with columns between them, and living room.

The interior finish and appointments in the principal rooms will be of the paneled type, ornamented with stucco cornices and having painted decorations.

The plans were prepared by A. P. Clark, Jr., architect, and the construction is being done by Parsons & Hyman, builders.

A bill to permit women to become judges has been introduced in the German reichstag.
